

CHALLENGE DETROIT

Beaumont | HEALTH SYSTEM

This month, the [Challenge Detroit](#) Fellows are partnering with [Beaumont Health System](#) to battle childhood obesity. Childhood obesity is a huge problem nationwide, but especially in Michigan. Approximately 17% of kids in the United States between ages 2-19 are overweight and 33% of kids in Michigan between ages 10-17 are overweight. Low income and minority populations are disproportionately affected by this issue. The Fellows will design two interactive, educational presentations targeted for elementary school children that provide information about childhood obesity and the healthy behaviors that can prevent it.
