

CHALLENGE DETROIT

Challenge Detroit is taking a spring break breather. We are not stopping our efforts to innovatively enhance Detroit, but we are stepping back from a traditional challenge this month. Instead, the Challenge Detroit Fellows will be completing a number of tasks throughout the month of May.

Last week we met the [75 Challenge Detroit Finalists](#) role into the Motor City. We shared dinner with the finalists to talk and answer any questions they had. On Friday, we facilitated a mini-challenge for all the finalists, so they were able to understand what we accomplish every week. Finally, on Saturday, we volunteered with the [8 Mile Boulevard Association](#), at their annual [Clean the D volunteer event](#).

This Friday we will work on our professional development. As our one year term is nearing its end (crazy to think about), many of the fellows are working to stay at our current companies or move to somewhere we have learned about through the amazing connections and resources we gathered this year.

Finally towards the end of May we will be giving back to the community through a service day and wrapping up a past challenge, with an event at the [Livernois Pop-up Grand Opening—Light Up Livernois](#). The Fellows are coordinating a Friday night and Saturday event for the Livernois community and general public to attend. Look for future announcements about this event! It will be awesome!
