

# D-BLAST

**Challenge Detroit** is moving to its **LAST CHALLENGE!** In July we will be partnering with **Tech Town**. Tech Town is one of the oldest business incubators in Detroit.

The Fellows will help Tech Town better understand the needs of its current and potential technology-based start-up clients to improve the incubation program. We will research healthcare, advanced manufacturing, IT, and clean tech verticals to provide Tech Town with a wide array of market data.

If you are interested in learning more about **Tech Town**, please checkout their website. You may want to take advantage of the **Charitable Volunteer Program** and participate in an event with others at Billhighway.

Also, check out the Challenge Detroit Fellows via their weekly spotlights. You can find more videos and older spotlights here at the **Challenge Detroit Youtube page**.

-Isaac
